

TRAILER SAFETY RULES ADDENDUM

The person whose signature appears on Page 2 of this Addendum (the "Undersigned") hereby acknowledges that he/she has received and carefully reviewed the following Trailer Safety Rules, and agrees to abide by each of such rules at all times with respect to all trailers (each being hereinafter referred to as a "Trailer") rented from MikeRentals, Inc., a Missouri corporation (hereinafter referred to as "MRI" or "Lessor").

The Undersigned shall:

1. Ensure that each vehicle used to pull a Trailer has: (a) all necessary weight, traction, structural integrity, suspension, horsepower and braking power; (b) a proper, adequate, functional and non-defective hitch which fully complies with all requirements of the applicable manufacturer(s), as well as all applicable laws, rules and regulations (including without limitation, all applicable Department of Transportation and Federal Motor Carrier Safety Administration requirements); and (c) adequate, properly connected, fully functional and legally compliant, lights, signals and wiring (including without limitation, brake lights and turn signals) to safely and properly pull, maneuver and stop the Trailer when fully loaded;
2. Secure the Trailer to each vehicle to be used to tow it, using all coupling mechanisms and safety chains provided, and in the manner specified, by the manufacturer (or if applicable, MRI);
3. Ensure that sixty percent (60%) of the load's weight is placed in the front half of the Trailer for stability. Note: If the Trailer sways or begins to jackknife, reduce speed gradually (**DO NOT APPLY EXCESSIVE PRESSURE TO BRAKES**), pull over and adjust the Trailer's load to move more of the weight to the front;
4. Ensure that the load placed in the Trailer **DOES NOT EXCEED THE MAXIMUM GROSS VEHICLE WEIGHT RATING, TOWING CAPACITY, OR THE MAXIMUM HITCH CAPACITY** for such Trailer (Note: Even small amounts of dirt, sand, rocks, *etc.*, may be too heavy to haul);
5. Refrain from detaching the Trailer from any vehicle if/when the Trailer is parked other than on a flat surface and otherwise secured in a manner that ensures it will not roll, slide, turn or tip, AND if the Trailer is to be attached to any vehicle other than the vehicle to which it was attached upon commencement of your rental at MRI's rental facility, you agree to FIRST contact, and obtain the approval of, MRI (it being acknowledged that MRI may grant, condition or withhold such approval in its sole and absolute discretion);
6. Apply brakes slowly and evenly when descending on grades and/or approaching stops;
7. Ensure that no articles placed in or on any Trailer extend beyond the rear of the Trailer;
8. Ensure that the ball coupler, if any, is not over-tightened, and can therefore, swivel freely while in use;
9. Carefully secure each load placed in or on the Trailer;
10. Ensure that both sides of any vehicle used to tow the Trailer are equipped with adequate mirrors;
11. Ensure that all Trailer brakes, taillights and turn signals are connected and operational at all times;
12. Drive all vehicles used to tow the Trailer at a reasonable rate of speed given the terrain, traffic, load, height, vehicle size, weight, towing capacity and horsepower, weather conditions and surrounding circumstances;
13. Refrain from accelerating quickly and/or exceeding the posted speed limit;
14. Obey all traffic laws, rules, regulations and ordinances;
15. Allow extra time and distance for braking, stopping, turning, passing and changing lanes;
16. Drive in the right lane whenever possible;
17. Never load cargo on the outside of the Trailer;
18. Protect (*i.e.*, refrain from leaving the Trailer unattended) and maintain the Trailer at all times;
19. Never use any Trailer off-road or in any manner, location or circumstance which creates an unreasonable risk of loss, damage, seizure, or disabling (*e.g.*, "booting") of/to the Trailer;
20. **UNLESS THE TRAILER(S) YOU ARE RENTING IS/ARE SPECIFICALLY DESIGNED FOR ONE OR MORE OF THE FOLLOWING USE(S), NEVER place, store or transport in or on any Trailer(s) any: (a) persons, pets, livestock or other animals; (b) weapons, ammunition, drugs or alcohol; (c) trash, dirt or debris; (d) plants, perishables, food or food products; (e) flammable, corrosive, explosive or other potentially dangerous materials and/or substances; (f) medical waste and/or disease agents; (g) mercury, lead, lead-based paint or asbestos; (h) radioactive or otherwise contaminated substances; (i) other "hazardous substances," "hazardous materials," and/or "toxic substances" as defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980; the Hazardous Materials Transportation Act; the Resource Conservation and Recovery Act; the common law; and/or any state, local or federal laws, rules, regulations and/or orders pertaining to environmental, public health or welfare matters, amended or supplemented from time to time; unless otherwise agreed by MRI in writing;**
21. Discontinue using the Trailer (and contact MRI immediately) in the event of any accident, mishap or discovery of any unsafe condition;
22. Comply with the manufacturer's instructions, as well as any instructions provided by MRI, for safe use of the Trailer at all times; and
23. Cause all other persons using the Trailer to honor and abide by these Trailer Safety Rules at all times.
